Student Summer Job Announcement
Videographer/Photographer

Location: @LESA – CII 7015
Type: Part Time Hourly – Student Position
Duration: Summer 2018

Description / Responsibilities
LESA is currently looking to fill a part-time, hourly summer position for a videographer/photographer. Ideal candidates should have a solid artistic background, experience using modern video and camera equipment, and be highly skilled at using video/photography editing software. Candidates must be able to create professional quality videos/photographs of engineering-based research, and help develop quality content for the center’s YouTube channel and other social media platforms. Candidates must be able to follow a story board and/or scripted video outline, take direction, and format content for the different digital platforms. This position will report to and work closely with the LESA Marketing and Outreach Manager. The overall project will be fast-paced with intermittent deliverables throughout its duration. Work schedule TBD up to 20 hours per week with possible evening and/or weekend assignments.

Requirements
• Previous videography and photography experience
• Provide samples of videography and photography work
• Excellent eye for digital composition
• Excellent attention to detail
• Excellent communication skills
• Experience using video (with sound) and photography software
• Enrolled in an RPI EMAC program is preferred
• Experience working with researchers is a plus

Interested students, send resume and work samples to:
